

DTZY256, DDZY256 Series Smart Meter

DDZY256
(QSM11-1)

BS

DIN

CIU

1 Overview

- Measurement of import/ export active energy, current energy balance, instant voltage, current, power.
- Pre-payment function, and prepayment is loaded through 20-digit token
- Tariffs function: support TOU tariffs and step tariff
- Load control function Load limit configurable.
- Events detection and record function, include cover opening, reverse, overload etc
- Remote switch control functions: remote switch disconnect/ reconnect.
- Message alarm function: the meter will inform users By sending message if disconnect when energy Reaches zero or power overload etc.
- RTC: clock with calendar, timing, leap year Automatic conversion function.
- Alarm by LED/Buzzer when low credit , overload, tamper.
- Relay control: (1) the internal relay will be switched off when the top cover is opened (2) overload (3) out of remaining balance (4)RTC battery power down

2 Technical parameters

Specification		BS	DIN
Standards		IEC 62052-11:2003	IEC 62053-21:2003
Accuracy		1.0	1.0
Voltage	Rated	230V	230V
	Range	0.8Un~1.2Un	0.8Un~1.2Un
	Limit	1.7Un~1.3 Un	1.7Un~1.3 Un
Frequency		50Hz	50Hz
Current	Range	5(60)A, 5(80)A, 5(100)A	5(60)A, 5(80)A, 5(100)A
Starting Current		≤0.4%lb	≤0.4%lb
Constant	Active	1000 imp /KWh	1000 imp /KWh
Display	Type	LCD	\
	Digit	6+2	\
Power Consumption	Voltage Circuit	≤1.0W,10VA	≤1.0W,10VA
	Current Circuit	≤1VA	≤1VA
Communication	Interface	Optical, PLC, RF Mbus	Optical, PLC, RF Mbus, SCSSCAA9
Temperature Condition	Work Temperature	-25°C~+55°C	-25°C~+55°C
	Storage Temperature	-35°C~+70°C	-35°C~+70°C
Humidity		≤85°C	≤85°C
IP grade		IP54	IP54
Dimension		203×110×60mm	203×110×60mm
Weight	Net / Gross	0.5kg/1.0kg	0.5kg/1.0kg

BS

GPRS/3G

PLC

RF

1 Overview

- Measurement of import/export active energy, current energy balance, instant voltage, current, power.
- TOU multi-tariff: 12 tariff schedules, 8 tariffs, 12 season charts, 25 special days
- Events detection and record function, include cover opening, reverse, overload etc
- Remote switch control functions: remote switch disconnect/reconnect.
- Communication function: with GPRS, 3G, PLC, RF, RS485 and optical Port.
- RTC: clock with calendar, timing, leap year Automatic conversion function.
- Demand calculation: interval type or slip type alternatively, Demand interval time can be programmed as 15/30/60 mins
- Power grid detection and recording: record the overvoltage, under voltage, over current, power down, Unbalance current event and record the latest 10 events
- Display: automatic rotation display and manual keyboard display, the display item is programmable
- Switchable between Prepaid and Postpaid function.
